

BUY OR BUILD IT !

Buy your Dell EMC infrastructure with Splunk already packaged into your infrastructure, or build the custom solution that makes the most sense for you!

Integrating Splunk's platform with EMC Solutions will enable our joint customers to maximize the value of machine-generated data."

DOUG MERRITT / CEO, SPLUNK

We're encouraged to see use cases of Isilon expanding beyond Hadoop into other next generation workloads such as Splunk analytics."

DAVID GOULDEN / PRESIDENT, DELL EMC

Buy a Dell EMC and Splunk package that's cost-effective and flexible...

...or build your own solution that fits your needs

Optimize Your Infrastructure For Big & Fast Data

- Hot/Warm Data Deployed on XtremIO, ScaleIO or vSAN all-flash
- Cold or Frozen Data Deployed on Isilon

Key Splunk apps & add-ons help provide real-time operational insight across infrastructure

Dell EMC XtremIO App & Add-On for Splunk Enterprise
