

Embrace the digital transformation

The world around us is changing.

IT OPERATIONS

Moving toward continuous delivery

5X One year ago, Docker had almost no market share. Now, Docker adoption is up fivefold.¹

In a survey:

65%

Of respondents currently use containers

80%

Of the remainder plan to adopt containers²

SECURITY

Rising costs = increasing risk to organizations

4X From 2013 to 2015 cybercrime costs quadrupled, and it is expected to happen again from 2015 to 2019³

\$400 BILLION Estimated costs in 2015⁴

\$2.1 TRILLION Projected costs in 2019⁵

IoT AND INDUSTRIAL

More data than ever before

It is anticipated that:

The automated, connected factory will generate 1PB (1,000TB) of data daily

Autonomous vehicles will produce 4TB of data daily

A connected plane will transmit 40TB of data⁶

50% of CEOs expect their industries to be digitally transformed by 2020⁷

At the center of this digital transformation: **Machine Data**

Harness the value of your machine data with the
ENTERPRISE MACHINE DATA FABRIC (EMDF)
